ABOUT

Infrastructure economist appraising energy, transport, and climate investments for the Philippine Government since 2016

34	15	48	8
projects appraised, USD 14.05 billion	programs reviewed, USD 1.77 billion	bills, laws, and policies reviewed	national boards and committees advised

Bernie Calderon Magtalas is an infrastructure economist and licensed electrical engineer. He is a Supervising Economic Development Specialist in the Infrastructure Staff of the Department of Economy, Planning, and Development (DEPDev) Investment Programming Group, where he leads project appraisal, planning, and policy formulation across the energy, transportation, and wider public infrastructure sectors.

He began his career at the Department of Energy (DOE) in December 2015, supporting renewable energy and rural electrification programs in remote, off-grid, and conflict-affected areas, and joined the National Economic and Development Authority (NEDA, now DEPDev) in September 2016.

Project economic analysis · Cost-benefit analysis · Infrastructure appraisal · Investment programming · Socioeconomic development planning · PPP risk assessment · Energy and transport policy · R · Python · Excel

SELECTED WORK

Highlights

ENERGY · PPP APPRAISAL LEAD

Agus-Pulangi Hydroelectric Power Plants Rehabilitation and Asset Management Project

USD 512 million

Leads the public-private partnership (PPP) appraisal of the Agus-Pulangi hydropower complex, a major source of clean power for the Mindanao grid.

CLIMATE FINANCE · POLICY-BASED LOAN

Climate Change Action Program, Subprogram 3

USD 650 million

Assessed the Asian Development Bank (ADB) policy-based loan, cofinanced by the Asian Infrastructure Investment Bank, Agence Française de Développement, and the Japan International Cooperation Agency, ahead of loan negotiations.

TRANSPORT · PPP RISK

PPP transport portfolio

USD 10 billion in contracts

Led the risk assessment of eight PPP transport projects and built mitigation into their contracts.

ANALYTICS · R

Regional Infrastructure Development Index

First in the Philippines

Directed the team of ADB consultants and DEPDev specialists that built the country's first composite infrastructure index.

CAREER

Experience

Department of Economy, Planning, and Development (DEPDev)

September 2016 to present

Formerly the National Economic and Development Authority (NEDA) · Infrastructure Staff, Pasig City

Appraises and evaluates energy, transport, and other infrastructure projects under the Investment Coordination Committee (ICC) review framework, at ICC or department level, including official development assistance (ODA) loans and public-private partnerships (PPPs), and reviews technical assistance proposals. Reviews bills and policies, represents DEPDev on inter-agency boards and technical working groups, and coordinates with multilateral development banks and development finance institutions.

- **Supervising Economic Development Specialist** — January 2025 to present
- **Senior Economic Development Specialist** — January 2020 to December 2024
- **Economic Development Specialist** — September 2016 to December 2019

See Appraisal portfolio · Policy and governance · Analytics · Engagements

Department of Energy (DOE)

December 2015 to August 2016

Taguig City

Supported renewable energy and rural electrification programs, including field evaluations of solar projects in remote areas with World Bank consultants.

- **Science Research Specialist**

See Field missions

APPRAISAL AND EVALUATION

Appraisal portfolio

Appraisal covered financial and economic models; market, technical, social, environmental, and institutional analyses; gender responsiveness; and, for public-private partnerships (PPP), review of concession agreements, risk allocation, and prequalification.

POLICY AND GOVERNANCE

Legislation, boards, and working groups

Bills, laws, and policies reviewed 48

MEASURE	DESCRIPTION	SECTOR
Amendments to the Electric Power Industry Reform Act (EPIRA): Strengthening the Energy Regulatory Commission 2025–2026 Senate and House measures, 20th Congress	Amends the Electric Power Industry Reform Act of 2001 (Republic Act No. 9136) to strengthen the regulatory powers and institutional capacity of the Energy Regulatory Commission.	Energy

MEASURE	DESCRIPTION	SECTOR
Waste-to-Energy Regulatory Framework Act 2025–2026 19th and 20th Congress versions	Sets a national energy policy and regulatory framework for facilities that use waste-to-energy technologies, implemented with local governments. A LEDAC priority measure.	Energy
Philippine National Nuclear Energy Safety Act 2025–2026 Senate Bill No. 2899 / House Bill No. 9293, 19th Congress; enacted as Republic Act No. 12305 (18 September 2025)	Provides a comprehensive legal framework for nuclear safety, security, and safeguards in the peaceful use of nuclear energy, and creates the Philippine Atomic Energy Regulatory Authority (PhilATOM).	Energy
Expansion of the Franchise Area of Davao Light and Power Company, Inc. 2025–2026 House Bill No. 11072, 19th Congress	Expands the franchise area of Davao Light and Power Company, Inc. to additional areas in the Davao Region.	Energy
Philippine Nuclear Liability Act 2025–2026 House Bill No. 375, 20th Congress	Sets the rules on civil liability and compensation for nuclear damage: who is liable, and how affected parties can claim compensation for incidents at nuclear installations or during the transport of nuclear materials.	Energy
Incentives for the Integration of the Nuclear Energy Sector into the Electricity Sector 2025–2026 House Bill No. 8567, 20th Congress	Prescribes incentives for integrating nuclear energy into the country's electricity sector and appropriates funds for this purpose.	Energy
Amendments to the Biofuels Act of 2006 (Republic Act No. 9367) 2025–2026 Pending House Bills, 20th Congress	Amends the Biofuels Act of 2006 (Republic Act No. 9367), which mandates the blending of biofuels into locally sold gasoline and diesel.	Energy

MEASURE	DESCRIPTION	SECTOR
Amendments to the Downstream Oil Industry Deregulation Act (Republic Act No. 8479) and a Strategic Fuel Reserve 2025–2026 Senate and House measures, 20th Congress	Amends the Downstream Oil Industry Deregulation Act of 1998 (Republic Act No. 8479) and establishes a strategic fuel reserve to manage supply and price disruptions.	Energy
Sariling Kuryente Act: Behind-the-Meter Generation, Energy Storage, and Rooftop Solar 2025–2026 Substitute bill, House Committee on Energy, 20th Congress	Promotes self-generation of electricity by households and businesses through behind-the-meter generation, energy storage systems, and rooftop solar.	Energy
Franchise Renewal of Visayan Electric Company, Inc. 2025–2026 Senate Committee on Public Services, 20th Congress	Renews the legislative franchise of Visayan Electric Company, Inc. to distribute electricity in its Metro Cebu service area.	Energy
Franchise Coverage Expansion of MORE Electric and Power Corporation 2025–2026 Senate Committee on Public Services, 20th Congress	Expands the franchise coverage of MORE Electric and Power Corporation, the electricity distributor of Iloilo City.	Energy
Draft Administrative Order: Accelerating the Transition to Renewable Energy through the Use of Electric Vehicles in Mass Transport 2025–2026 Office of the President; Department of Transportation	Accelerates the shift to renewable energy by promoting the use of electric vehicles in public mass transport.	Transportation

MEASURE	DESCRIPTION	SECTOR
IAEECC Resolution No. 13: Guidelines for Government Entities as Eligible End-Users under the Customer Choice Programs in the Retail Market 2025–2026 Inter-Agency Energy Efficiency and Conservation Committee; signed September 2026	Sets guidelines allowing government entities to choose their electricity supplier as eligible end-users under the customer choice programs of the retail electricity market.	Energy
IAEECC Resolution Directing Government Entities to Prioritize the Purchase or Rental of Electric Vehicles 2025–2026 Inter-Agency Energy Efficiency and Conservation Committee	Directs government entities to prioritize electric vehicles when buying or renting motor vehicles, in line with the Electric Vehicle Industry Development Act (Republic Act No. 11697).	Energy
Amendments to the Electric Vehicle Recognition Guidelines (Department Circular No. DC2023-05-0012) 2025–2026 Department of Energy	Amends the Department of Energy's guidelines for recognizing and classifying electric vehicles under the Electric Vehicle Industry Development Act.	Energy
Framework for the Integration of Nuclear Energy in the Clean Energy Scenario of the Philippine Energy Plan 2023–2050 2025–2026 Department of Energy, draft Department Circular	Sets the framework for integrating nuclear power into the clean energy scenario of the Philippine Energy Plan 2023–2050.	Energy
Nuclear Capacity Tender Guidelines 2025–2026 Department of Energy, draft Department Circular	Sets the guidelines for competitive tenders to procure nuclear generating capacity.	Energy
National Nuclear Security Policy and Strategy 2025–2026 NEP-IAC Subcommittee 2	Sets the national policy and strategy for securing nuclear and radioactive materials and facilities.	Energy

MEASURE	DESCRIPTION	SECTOR
Amendments to the Implementing Guidelines of the Philippine Transport Vehicles Fuel Economy Labeling Program 2025–2026 Department of Energy	Revises the registration procedures and compliance mechanisms of the program that requires fuel economy labels on vehicles.	Transportation
Amendment to DHSUD Department Circular No. 2024-004: Locational Clearance for Projects of National Significance 2025–2026 Department of Human Settlements and Urban Development	Amends the guidelines for processing locational clearances for projects declared of national significance.	Governance
Carbon Pricing Instruments for the Philippines 2025–2026 Department of Finance; Carbon Pricing Support TWG	Assesses legal and policy options for carbon pricing instruments in the Philippines.	Climate Change
Waste-to-Energy Act Senate Bill No. 363	An Act Establishing a National Energy Policy and Regulatory Framework for Facilities Utilizing Waste-to-Energy Technologies	Energy
Waste-to-Energy Act of 2019 Senate Bill No. 401	An Act Allowing the Use of Waste to Energy Technology in Electricity, Fuel and Heat Generation, and for other Purposes	Energy
Rural Airport Development Act House Bill No. 5075	An Act Granting the Right to Franchisees to Develop the Rural Airport Infrastructure Network in the Philippines for Commercial and for Other Purposes	Transportation
Organic Law for the Bangsamoro Autonomous Region in Muslim Mindanao Republic Act No. 11054	An Act Providing for the Organic Law for the Bangsamoro Autonomous Region in Muslim Mindanao, Repealing for the Purpose Republic Act No. 6734, Entitled “An Act Providing for an Organic Act for the Autonomous Region in Muslim Mindanao,” as Amended by Republic Act No. 9054, Entitled “An Act to Strengthen and Expand the Organic Act for the Autonomous Region in Muslim Mindanao”	Governance

MEASURE	DESCRIPTION	SECTOR
One Million Solar Roofs Act of 2017 House Bill No. 6565	An Act Providing for Incentives and Credit Facilities for Consumers of Small Solar Power Systems in the Philippines	Energy
Senate Bill No. 1007	An Act to Reconstruct and Rehabilitate the Existing 479-kilometer PNR lines from San Fernando, La Union to Legazpi City, Albay, Providing Funds from the Annual Value-Added Tax Collections, Amending for the Purpose the National Internal Revenue Code of 1997, As Amended	Transportation
Philippine Downstream Natural Gas Industry Development Act (enacted as RA No. 12120, the Philippine Natural Gas Industry Development Act, 8 January 2025) House Bill No. 10649	An Act Promoting the Development of the Philippine Downstream Natural Gas Industry, Consolidating for the Purpose All Laws Relating to the Transmission, Distribution and Supply of Natural Gas, and Appropriating Funds Therefor	Energy
Senate Resolution No. 359	Resolution Directing the Senate Committee on Energy to Conduct an Inquiry in Aid of Legislation on the Sufficiency of the Department of Energy's Existing Policy on the Minimum Inventory Requirement for Oil and Petroleum Products and the Necessity of Establishing a Strategic Petroleum Reserve to Ensure the Security of the Country's Oil Supply	Energy
Senate Resolution No. 360	A Resolution Directing the Senate Committee on Energy to Conduct an Inquiry on the Implementation of Republic Act No. 8479 Otherwise Known as the Downstream Oil Industry Deregulation Act of 1998 With the End in View of Introducing Remedial Legislation as May Be Necessary	Energy
Air Carriers Relief Act House Bill No. 9324	An Act Providing for Relief Package to the Air Transport Sector of the Philippines	Transportation
Electric Vehicles and Charging Stations Act Senate Bill No. 1382	An Act Providing the National Energy Policy and Regulatory Framework for the Use of Electric Vehicles and the Establishment of Electric Charging Stations	Energy

MEASURE	DESCRIPTION	SECTOR
Electric Vehicle Industry Development Act House Bill No. 10213	An Act Providing for the Development of the Electric Vehicle Industry and Establishing a Regulatory Framework for the Manufacture and Use of Electric Vehicles	Energy
Energy Efficiency and Conservation Act Republic Act No. 11285	An Act Institutionalizing Energy Efficiency and Conservation, Enhancing the Efficient Use of Energy, and Granting Incentives to Energy Efficiency and Conservation Projects	Energy
Philippine Energy Research and Policy Development Institute Act of 2016 Senate Bill No. 1290	An Act Establishing the Philippine Energy Research and Policy Development Institute, Defining Its Objectives, Powers and Functions, Providing Funds Therefor, and for Other Purposes	Energy
Tax Reform for Acceleration and Inclusion (TRAIN) Senate Bill No. 1592	An Act Amending Sections 5, 6, 24, 25, 31, 34, 35, 51, 79, 84, 86, 89, 90, 97, 99, 100, 101, 106, 107, 108, 109, 112, 114, 116, 148, 149, 150, 151, 155, 171, 196, 232, 237, 249, 264, and 288; Creating New Sections 148-A, 150-A, 237-A, 264-A, 264-B, and 265-A; All Under Republic Act No. 8424, Otherwise Known as the National Internal Revenue Code of 1997, as Amended, and for Other Purposes	Trade and Industry
The Solar Energy in National Government Offices Act of 2016 House Bill No. 2172	An Act Reducing the Cost of Electricity for National Government Offices by Promoting the Development and Utilization of Solar Energy in All Government Building and Offices, Providing Funds Therefor, and for Other Purposes	Energy
Solar Energy Act of 2016 House Bill No. 5402	An Act Mandating Government Offices and/or Establishments to Allot at Least Thirty Percent (30%) of their Energy Requirements to Solar Energy, and Corollarily, Mandating the Same to Install Solar Panels unto Their Buildings	Energy
Small Solar Power System Incentives Act House Bill No. 6960	An Act Promoting the Use of Renewable Energy in Homes by Providing Incentives and Credit Facilities for Consumers Utilizing Small Solar Power Systems	Energy
House Bill No. 8723	An Act Strengthening the Protection and Management of Waterways and Water Systems by Host Communities, and for Other Purposes	Water

MEASURE	DESCRIPTION	SECTOR
House Bill No. 1484	An Act Requiring All Independent Power Producers, Generation Companies or Energy Resource Developers to Remit the Amount They Are Required to Set Aside as Financial Benefit Directly to the Host Community	Energy
House Bill No. 1388	An Act Providing for the Development, Rehabilitation and Modernization of Naval Airport in the Province of Biliran and to Allocate Funds Thereof	Transportation
Ubay Airport Development Act House Bill No. 2112	An Act Providing for the Ubay Airport Development to Accommodate Commercial Domestic and Aviation Training Flights, Appropriating Funds Therefor, and for Other Purposes	Transportation
House Bill No. 2769	An Act Providing for the Establishment and Construction of an International Airport in the Center of Mindanao, Particularly in the Are Between Damulog, Bukidnon in the North; Antipas, North Cotabato in the East; Carmen, North Cotabato in the South; And Alamada, North Cotabato in the West, and Appropriating Funds Therefor	Transportation
House Bill No. 4238	An Act Providing for the Establishment and Construction of an Airport in the Municipality of Luuk, Province of Sulu, for the Benefit of the Entire Province of Sulu, to Be Known as Luuk Airport, and Appropriating Funds Therefor	Transportation
House Bill No. 4393	An Act Designating Mati Airport in Davao Oriental as the Official Alternate Airport to the Davao International Airport and Appropriating Funds Therefor	Transportation
House Bill No. 7847	An Act Establishing a Domestic, Commercial Airport in the Municipality of San Francisco, Province of Cebu, and Appropriating Funds Therefor	Transportation
The Maria Cristina Falls Act of the Philippines House Bill No. 2317	An Act Guaranteeing the Right to the Natural Wealth and Granting a Twenty Percent Discount (20%) in the Electricity Rates to All Electric Consumers in Iligan City, Lanao Del Norte, And Lanao Del Sur being the Host City and Provinces of Maria Cristina Falls, Agus River, and Lake Lanao	Energy

DATA ANALYTICS

Analytical tools

These tools were built in R, Python, and Excel to support infrastructure appraisal, investment programming, and energy policy research.

Regional Infrastructure Development Index (RIDI)

Open RIDI ↗

Directed five ADB consultants and five DEPDev specialists across the energy, water, digital, transport, and social sectors, and computed and analyzed the Philippines' first composite measure of infrastructure development in R and Python. Its interactive dashboard was adopted as a prototype for regional and sectoral assessments of infrastructure investment gaps.

Infrastructure Indicator Screening Dashboard

Open dashboard ↗

The dashboard was used to screen and select the indicators included in the Regional Infrastructure Development Index.

Multi-Criteria Socioeconomic Evaluation Model

207 projects

This automated Excel model prioritized 207 infrastructure projects for a USD 176 billion national investment pipeline.

ENGAGEMENTS

Knowledge networks and forums

Panelist · 26 February 2026, Bangkok

OECD SIPA Regional Knowledge Network: session at the 13th Asia-Pacific Forum on Sustainable Development

The session, *Sustainable Infrastructure, Resilient Links: Energy, Transport and Industry in Asia's Low-Carbon Future*, was part of a series of knowledge-sharing activities on sustainable infrastructure under the OECD's Sustainable Infrastructure Programme in Asia (SIPA), run with the Asian Institute of Technology and the United Nations Development Programme and funded by Germany's International Climate Initiative. The session stressed embedding sustainability in infrastructure planning and early-stage appraisal. OECD Environment post on the event ↗

Resource person and participant · Asian Institute of Technology, Thailand · 2025–2026

OECD SIPA Regional Knowledge Network: Southeast Asia Training Seminars on Sustainable Infrastructure Development

The Regional Knowledge Network connects knowledge institutions, policymakers, practitioners, and experts on sustainable infrastructure in Indonesia, the Philippines, and Thailand. It is run by the Asian Institute of Technology, the United Nations Development Programme, and the OECD under the OECD's Sustainable Infrastructure Programme in Asia (SIPA).

First SIPA Southeast Asia Training Seminar on Sustainable Infrastructure Development
In person, AIT · 28 April–2 May 2025 ·

Second SIPA Southeast Asia Training Seminar on Sustainable Infrastructure Development
In person, AIT · 28 July–1 August 2025 ·

Third SIPA Southeast Asia Training Seminar on Sustainable Infrastructure Development
In person, AIT · 22–26 February 2026 ·

OECD SIPA webinar series (9 sessions, online)
June 2025–March 2026 · financial and economic evaluation, risk and uncertainty, ecosystem services, pricing, economy-wide impacts, governance, and integrated frameworks

Panel discussant · 6 March 2025

Socioeconomic Development Planning Advocacy

Took part in a briefing on infrastructure development principles, policies, and processes with the Asian Development Bank and the University of Tokyo.

Panel discussant · 2024

Ease of Doing Business Forum 2024

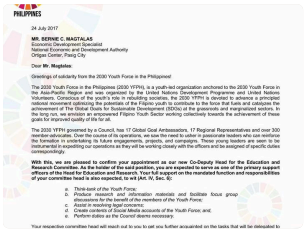

Executive Order No. 59: Streamlining the Permitting Process for Infrastructure Flagship Projects

Congress Future Energy Leader · 2023–2024

World Energy Council

Nominated with the support of the Japan Energy Association and selected as a Future Energy Leader at the 26th World Energy Congress, Rotterdam, 22–25 April 2024. Contributed regional commentary to the World Energy Trilemma 2024 report.

PHILIPPINES

24 July 2017

MR. BERNIE C. MAGTALAS
Economic Development Specialist
National Economic and Development Authority
Ortigas Center, Pasig City

Dear Mr. Magtalas:

Greetings of solidarity from the 2030 Youth Force in the Philippines!

The 2030 Youth Force in the Philippines (2030 YFPH), is a youth-led organization anchored to the 2030 Youth Force in the Asia-Pacific Region and was organized by the United Nations Development Programme and United Nations Volunteers. Conscious of the youth's role in rebuilding societies, the 2030 YFPH is devoted to advance a principled national movement optimizing the potentials of the Filipino youth to contribute to the force that fuels and catalyzes the implementation of the 2030 Agenda for Sustainable Development (2030 Agenda) and its goals/targets/indicators. In the long run, we envision an empowered Filipino Youth Sector working collectively towards the achievement of those goals for improved quality of life for all.

The 2030 YFPH governed by a Council, has 17 Global Goal Ambassadors, 17 Regional Representatives and over 300 member-advocates. Over the course of its operations, we saw the need to usher in passionate leaders who can reinforce the formation in undertaking its future engagements, projects, and campaigns. These young leaders are seen to be instrumental in expediting our operations as they will be working closely with the officers and be assigned of specific duties correspondingly.

With this, we are pleased to confirm your appointment as our new Co-Deputy Head for the Education and Research Committee. As the holder of the said position, you are expected to serve as one of the primary support officers of the Head for Education and Research. Your full support on the mandated function and responsibilities of your committee head is also expected, to wit (Art. IV, Sec. 5):

a. *Think-tank of the Youth Force;*
b. *Produce and disseminate information materials and facilitate focus group discussions for the benefit of the members of the Youth Force;*
c. *Assist in resolving legal concerns;*
d. *Create contents of Social Media accounts of the Youth Force; and,*
e. *Perform duties as the Council deems necessary.*

Your respective committee head will reach out to you to set you further accustomed on the tasks that will be delegated to

Co-Deputy Head for Education and Research · 2017–2018

2030 Youth Force in the Philippines Inc.

Designed the project proposal template and evaluation criteria for its Incubation Program, enabling the organization to secure a USD 6,000 grant from the United Nations Development Programme. Trained 30+ youth advocates in project development and evaluation, cultivating 5+ fundable grassroots initiatives on the Sustainable Development Goals.

FIELD WORK

Field missions

2016 · Took part in sustainability assessments of off-grid solar home system (SHS) programs with DOE, the National Electrification Administration (NEA), and the World Bank, ahead of the scaled-up Access to Sustainable Energy Programme (ASEP).

8–12 July 2016 · Negros Island Region

Photovoltaic Mainstreaming projects, three electric cooperatives

19–21 July 2016 · Infanta, Pangasinan

HEART and SOUL Project: 267 solar home systems in two barangays

Assessed in Barangay Pita with DOE, NEA, the World Bank, and Innovation Energie Développement (IED).

EXPERTISE

Methods and tools

Appraisal methods

These methods are applied under the NEDA (now DEPDev) Reference Manual on Project Development and Evaluation and the Investment Coordination Committee (ICC) guidelines.

APPRAISAL FRAMEWORK	Integrated project analysis across market, technical, financial, economic, institutional, social, and risk modules; incremental with-and-without-project comparison; least-cost alternatives across technology, location, scale, and timing
ECONOMIC ANALYSIS	Shadow pricing with ICC parameters (10% social discount rate, shadow exchange and wage rates); conversion factors, removal of transfers, valuation of externalities; EIRR, ENPV, and benefit-cost ratio
FINANCIAL ANALYSIS	Real and nominal cash-flow models from the owner, total-investment, and government budget viewpoints; FIRR against the weighted average cost of capital; annual liquidity and debt-service checks
RISK AND SENSITIVITY	ICC sensitivity cases (costs +10% and +20%, benefits −10% and −20%, combined), switching values; PPP risk identification, allocation, and mitigation costing
SOCIAL AND DISTRIBUTIONAL	Stakeholder analysis reconciling financial and economic results; social impacts and willingness to pay
CLIMATE AND ENVIRONMENT	Greenhouse gas abatement costing, climate resilience, nature-related impacts

Planning, policy, and research

INVESTMENT PROGRAMMING	Multi-criteria analysis to prioritize projects in the national infrastructure investment pipeline
POLICY ANALYSIS	Comparative analysis of legislation and regulatory frameworks, such as benchmarking the natural gas industry bill against the electric power industry's market framework
STATISTICS	Confirmatory factor analysis, structural equation modeling

Tools and languages

ANALYSIS	R, Python, Excel (economic and financial models)
VISUALIZATION	Interactive web dashboards built from R and Python outputs
ENERGY MODELING	OSeMOSYS, FlexTool (Climate Compatible Growth training, 2025)

LANGUAGES	Filipino (native), English (fluent)
LOCATION	Pasig City, Philippines

ACADEMIC BACKGROUND

Education

2024

Master of Arts in International Relations

Waseda University, Graduate School of Asia-Pacific Studies · Tokyo, Japan

September 2022 to September 2024 ·
Specialization in Economic Development and Policy in Asia

SCHOLARSHIP — Fully funded JICA Sustainable Development Goals (SDGs) Global Leader Program

THESIS — **Charting the Path to Net Zero ↗**

Built confirmatory factor analysis and structural equation models in R across 27 variables and 120 countries to measure how political, economic, and environmental factors shape the global energy transition.

COURSEWORK — Analysis of Quantitative Data I and II · Multivariate Statistics · Data Science for Management · Environmental Economics and Environmental Policy · Sustainable Development and International Development Cooperation

2014

Bachelor of Science in Electrical Engineering

University of the Philippines Los Baños, College of Engineering and Agro-Industrial Technology · Laguna, Philippines

May 2008 to August 2014 · Major in Power Engineering

CREDENTIALS

License and certifications

LICENSE

Registered Electrical Engineer

Professional Regulation Commission, Philippines · April 2015

CERTIFICATION

Certified PPP Professional (CP3P), Foundation

APMG International · January 2021

CERTIFICATION

Certified Flexible Power System Specialist (CFPSS)

Renewables Academy (RENAC) · November 2018

CERTIFICATION

Certified Green Finance Specialist

Renewables Academy (RENAC) · November 2017

COURSE

Energy and Flexibility Modelling: OSeMOSYS and FlexTool

Climate Compatible Growth · June 2025

COURSE

Modelling, Policy and Political Economy

Climate Compatible Growth · May 2025
